

You like cutting-edge technologies and to work with a dynamic team on popular applications? Then we have a cool job for you:

Middle/Senior JavaScript Developer

Who We Are

ambrite is a Swiss, Latvian and South African based company offering software solutions for data mining and predictive analytics and TV Services. Due to its focus on state-of-the-art open source software components and integration of the latest research by the machine learning community, ambrite has become a key partner for both local and global players in Switzerland and Europe in the government, energy and telecommunication industry. For our Zurich-based branch, we are looking for senior developers that are as passionate about TV consumer services and data science as we are.

ambrite is currently working for the leader in Entertainment Services in Switzerland and Europe in providing software solutions for backend systems and user interfaces for the pay TV industry. Together, we're creating a next generation platform which will replace or extend current consumer services in the market. We are looking for you to develop this next generation of software.

Specifically, we address the following challenges:

- Development of NodeJS backend services which import data from various sources and normalize the data
- Development of NodeJS backend API (micro-)services to present data
- Configure and support Linux servers for NodeJS
- Write unit-tests to provide sufficient testing coverage

What We Are Looking For

- JavaScript knowledge
- 2+ years experience
- Experience with ES6, NodeJS
- Basic understanding of SQL/NoSQL (*Database modelling a plus*)
- Familiarity with modern software development processes (*DevOps culture*)
- Knowledge of the modern JavaScript trends
- Good English communication skills
- Experience with JIRA/YouTrack and agile methodology

What We Offer

- Become member of a motivated international team in Switzerland, Latvia, South Africa and other locations
- Consumer projects with interesting clients in Europe and North America
- Regular visits and meetings with our teams in Switzerland and South Africa
- Conference visits, courses for further education and on extensive library

If you are interested in joining ambrite, please do not hesitate to send your application documents to jobs@ambrite.lv. We are looking forward to hearing from you.
