

You like cutting-edge technologies and to work in a dynamic team on popular applications? Then we have a cool job for you:

## JavaScript/TypeScript Fullstack Developer (React/Node)

### Who We Are

ambrite is a Swiss and South African based company offering software solutions for advanced and predictive analytics. Due to its focus on state-of-the-art open source software components and integration of data science and machine learning techniques, ambrite has become a key partner for both local and global players in Switzerland and Europe in the finance, energy and telecommunication industry. For our South-African based branch, we are looking for JavaScript experts that are as passionate about developing data driven, multi modal, performant applications as we are.

ambrite is currently working on various projects in the field of applied machine learning, delivering end-to-end solutions to our global customers.

### What We Are Looking For

- experienced JS/TS developer with attention to details
- **Cloud experience a big plus, Google Cloud preferred**
- track-record in full-stack development, with a focus on frontend
- experience with modern web-technologies around React, GraphQL, Jest, Storybook, etc.
- data engineering (transformation, storage, etc, espec. cloud native) another plus
- organised, structured, reliable person
- interested to evaluate and learn about new technologies and frameworks on the full JS/TS stack and also Machine Learning/AI
- German speaking most welcome

### What We Offer

- become a member of a motivated international team in Switzerland, South Africa and other locations
- consumer projects with interesting clients in Europe and North America
- work place in Stellenbosch / Techno Park in a dynamic team
- attractive conditions of employment
- conference visits, courses for further education and more

If you are interested in joining ambrite, please do not hesitate to mail your application documents to our HR director Daniela via [jobs@ambrite.ch](mailto:jobs@ambrite.ch). We are looking forward to hearing from you.
